7.1.2 The Institution has facilities and initiatives for

1. Alternate sources of energy and energy conservation measures
2. Management of the various types of degradable and nondegradable waste
3. Water conservation
4. Green campus initiatives
5. Disabled-friendly, barrier free environment

DVV Query

The HEI to provide installation photographs of the solar plant along with the Array DC Disconnect, Inverter and the Battery Pack. HEI to provide copy of the invoice and installation report signed by the principal. The HEI to provide the HEI policy on energy conservation and details of the measures adopted under the policy. The HEI to provide Geo-tagged photograph of the Biogas plant and Sensor-based energy conservation system, HEI to provide attested copy of the stock register of the claimed equipment along with photographs of the same. The HEI must provide Geotagged photos of the renewable energy sources, Water conservation, Green campus initiatives, Disabled-friendly barrier free environment.

Institute Response

The institute have only solar water heater which is installed at boys and girls hostel. The institute has provided the HEI policy on energy conservation and details of the measures adopted under the policy. The institute has provided Geo-tagged photographs of the Sensor-based energy conservation system such as LED, BLDC fans and motion sensor for LED tubelights, we have also provided the attested copy of the stock register of the claimed equipment along with photographs of the same. The Geotagged photos of the renewable energy sources, Water conservation, Green campus initiatives, Disabled-friendly barrier free environment details are provided.

Policy Document on Environment and Energy Usage

The Environment and Energy usage Policy of Indira Institute of Pharmacy, Sadavali is to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out substitute natural resources as solutions to the energy crisis. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

The NNS and UBA units of the institute, platforms devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

Policies:

- To assess our energy usage and measure for conservation.
- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- To installed solar water heater for boys and girls hostels.
- To install LED lights in the complete campus to save energy.
- To develop systematic waste management mechanism through signed MOUs.
- To undertake more innovative ideas for water conservation apart from rain water harvesting and bore well recharge system.

- To undertake tree plantation drives to increase more carbon sequestration.
- To take additional measures to continuously improve our energy consumption.
- To develop and maintain an environmental management system which is ISO: 14001 and an Energy Management System based on ISO: 50001.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions particularly from our vehicle fleets by adopting 100% battery operated vehicles.
- To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To monitor and respond to emerging environmental and energy issues. To strengthen our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.
